"AMERICAN" PARTY FIASCO.

The much advertised meeting to launch the "American" party, which was to have been held last evening, turned out to be a lizzle, as but about 10 persons attended and then walted in vain for the appearance of leaders from Sait Lake. Among those present were Dan Pugh. Al Harris, A. B. Otis, C. A. Smurthwaite. Hornce S. Foster and O. A. N. Kennedy. It was deemed an inopportune time to launch the party, But one of those present last night assured the "News" reporter this morning that if the Democrats in their convention teday endorse the administration of Mayor Cohroy the "American" party will be launched in Ogden sure.

while George L. Code, a L. S. brake-man, was riding on the engine, west of Ogden yesterday forenoon, the water-draft of the engine burst. The hot water and steam escaped full in his face, scalding it badly, and putting out one of his eyes, which will probably have to be removed. He was brought into Ogden for treatment at the general hospital.

The local coal situation is much better than it was last winter. Many families than it was last winter. Many families already have their supply, and two cars have been received during the past week with promise of more in the near future. The cause of Eczema is a too acid condition of the blood. The itching,

burning eruptions are caused by the outpouring through the pores and glands of the skin, of the fiery poisons with which the circulation is loaded.

This acrid matter coming in contact with the delicate tissues and fibres with

which the skin is so abundantly supplied causes irritation and inflamma-

tion and often excessive discomfort and annoyance. While external appli-

tations, such as salves, washes, lotions, etc., are soothing and cleansing they

we in no wise curative, because they do not reach the blood where the trouble is located. You can never cure Eczema with outside treatment; the

blood must be purified. S. S. S. is the best treatment for the dsease. It goes down into the circulation, neutralizes the acids and humors with which the blood is infected, and makes the blood-current fresh and healthy.

Then instead of fiery, acrid matter oozing out through the pores and glands,

intating the cuticle, the skin is nourished by a rich, cooling, healthy

sam of blood. S. S. S. removes every trace of the disease, and when the

the is complete the skin is left smooth and free from any eruption. Book to Skin Diseases and any medical advice furnished free of charge to all
